### **Donor Confidentiality Record Release Statement**

The Florida Atlantic University Foundation Inc. is a non-profit 501(c)(3) direct-support organization of Florida Atlantic University responsible for generating private financial assistance for the University. The Foundation's ability to assure donors, prospective donors, and/or alumni that their personal and financial information will be held in confidence is essential to fulfilling its mission of raising private support for FAU. The Florida Legislature acknowledges this need for confidentiality in Florida Statutes Section 1004.28 (5). Accordingly, Foundation records are confidential and exempt from Florida public records laws.

All fund-raising activities undertaken by a Foundation board member, volunteer, FAU staff member, FAU faculty member or FAU student are to be coordinated through the Division of Institutional Advancement and the Foundation and undertaken only on behalf of the Foundation for the benefit of the University. All individual and/or organization records, and any information or documents associated with these records, that are in the possession of any aforementioned person and are to be used for any fund raising purposes or activities are considered records of the Foundation and are to be treated as confidential records according to **Florida Statute 1004.28 (5)**.

All other university employees seeking access to any of the Foundation's databases must request approval through the Vice President for Institutional Advancement and have a related Foundation or fundraising function. If at any time it is determined that an employee that is granted access to the Foundation databases is abusing privileges (breaching confidentiality of records or creating a shadow database), access can and will be denied.
